MEETING WITH DAMES & MOORE HAS BEEN CHANGED TO 0930 AND TO BE AT AML'S
OFFICE RATHER THAN LIGO. WILL DEPART ABOUT 0900, ROD, IF YOU WANT A LIFT.

I THINK IT WOULD BE A GOOD IDEA IF ROD ATTENDED THE MEETING WITH SUE KENT, BILL TROY ETC. RE THE CLEANUP, BECAUSE BEFORE TOO LONG THAT PROPERTY WILL EITHER BE SOLD, LEASED OR CONDEMNED BY THE CITY AND IT WILL BE IMPORTANT FOR HIM TO KNOW WHAT OUR EXPOSURE THERE IS.

THIS IS TO CONFIRM A MEETING FOR NEXT THURSDAY, 8/30, @ 0900 WITH MYSELF AND SUE KENT FROM DAMES & MOORE IN THE LIGO BOARD ROOM TO DISCUSS CLEANUP ALTERNATIVES FOR THE 2ND AVE TANK PROBLEM. SUE WILL DISCUSS OPTIONS AVAILABLE UNDER CURRENT REGULATIONS AND GIVE A SYNOPSIS OF WHAT YOU MAY BE FACED WITH UNDER PROPOSED REGULATIONS THAT WILL COME INTO EFFECT AFTER THE FIRST OF THE YEAR. SHE WILL PRESENT ROUGH COST ESTIMATES FOR THOSE ALTERNATIVES. THE COST RANGE FOR THOSE ALTERNATIVES IS \$100K-\$400K. YOU MAY WANT TO INCLUDE YOUR PLANNING TEAM AND SITE MANAGER IN THE MEETING, BILL.

AT YOUR REQUEST, HERE IS WHAT I THINK OUR SITUATION IN S.E. IS. I HAVE SIGNED PO'S TO PUT IN REPLACEMENT TANKS BUT, JUST HAVE BEEN TOO BUSY TO GET IT DONE. I HOPE TO GET REALLY SERIOUS ABOUT THIS IN THE VERY EARLY FALL.

1. JUNEAU - BARGE YARD OR, LOWER YARD AS IT IS COMMONLY REFERRED TO, HAS 1 UST FOR #2 DIESEL FUEL; QTY. = 650 GALLONS.

2. JUNEAU - CFS YARD VACINITY SHOP HAS 2 UST. THE GAS IS NO LONGER USED. I SUSPECT THAT THERE IS STILL SOME PRODUCT IN IT. THE DIESEL HAS A 650 GALLON CAPACITY AND, IT IS USED DAILY.

ALL JUNEAU TANKS ARE EX- ASS/FAL WHICH MEANS THAT THEY ARE AT LEAST 1968 VINTAGE.

KETCHIKAN - HAS 2 UST. I GAS WITH A 1,000 GALLON CAPACITY AND 1 DIESEL WITH A 1,000 GALLON CAPACITY. THE GAS IS NO LONGER USED BUT, I SUSPECT THAT THIS DOES STILL HAVE SOME PRODUCT IN IT. BOTH WERE INSTALLED IN 1980 WHEN THE FACILITY WAS BUILT.

4. SITKA AND PETERSBURG - THESE FACILITIES BOTH HAVE 500 GALLON ABOVE GROUND, NOT DIKED GRAVITY DISCHARGE TANKS. THE TANKS SIT ON TOP OF AN OLD CONTAINER.

5. HAINES AND SKAGWAY - WE USE A LOCAL VENDOR TO DELIVER AND FILL OUR BULLS.

6. YAKUTAT - I AM NOT SURE HOW OUR BULL GETS FILLED EXCEPT THAT YAT/SSS DOES IT AND, WE NEVER SEE A BILL.

7. XIP - THE CANNERY FILLS IT AND WE NEVER SEE A BILL.

8. WHITEHORSE - YAT FILLS THE BULL.

9. HAWK INLET - H.I.S. FILLS THE BULL.

THAT SHOULD BRING YOU UP TO SPEED ON AML'S S.E. TANK SITUATION. IF ALL MY PLANS WORK OUT OK, WE WILL HAVE 550 GALLON CAPACITY DIKED ABOVE GROUND ACE BUILT FUEL TANS IN SITKA (DOCK), PSG (YARD), JUNEAU (UPPER AND LOWER YARDS) AND, KTN (YARD).

LES.

I HAVE CONFIRMED AUG 6 & 7 AS THE DATES THAT DAMES & MOORE WILL CONDUCT THE SOIL VAPOR SURVEY FOR THE 2ND AVE. AML FUEL TANKS. I HAVE OKAYED THIS WITH GEORGEW. DAMES WILL GET IN AND OUT AS QUICKLY AS POSSIBLE AND SHOULD NOT CAUSE TOO MUCH DISRUPTION. I HAVE ASKED SUE KENT WITH DAMES TO COORDINATE WITH BILL TROY & GEORGE WHILE ON SITE. IF I'M IN TOWN I WILL PARTICIPATE.

GEORGE: THIS SOIL VAPOR SURVEY IS BEING CONDUCTED ON A TIME & MATERIALS BASIS AND WHILE DAMES HAS DONE GOOD WORK FOR US IN THE PAST IT WOULD BE IN OUR BEST INTEREST TO KEEP AN EYE ON THE PROCESS AND NOT BE BASHFUL ABOUT QUESTIONING THEIR FOLKS ON SITE, IN A CONSTRUCTIVE MANNER OF COURSE!

I WILL CONFIRM AUG 6 & 7 WITH SUE KENT @ DAMES & MOORE AS THE START DATE FOR THE INITIAL VAPOR SURVEY TO DETERMINE PRESENCE AND/OR EXTENT OF CONTAMINATION AT 2ND AVE UST SITE. INITIAL SURVEY WILL REQUIRE PRESENCE OF TWO OF THEIR PEOPLE AND SMALL PIECE OF PORTABLE GEAR (NO HEAVY MACHINERY) ON SITE. CONFIRMED THESE DATES WITH GEORGEW.
